1.  Comment. Possibly supply of tank spare parts.
2.  Comment. Incoming shipments of tanks. The shipments observed on 22 August must have carried 20 tanks instead of 23 tanks. This shipment is possibly identical with a shipment consisting of 22 heavy-duty flatcars dispatched to Magdeburg which was previously reported.  The identification of the shipment observed on 24 August has been equally difficult. Shipments observed on 5 and 6 September have been reported for the first time.
3.  Comment. Export of the GDR automobily industry.
